Settlement of account

Patients covered by Private Health Insurance must produce evidence of cover on or prior to admission, to enable us to charge your Insurance Company directly.

Private Health Insurance policies do not cover non-medical expenses such as the long-term loan of equipment, light refreshments for visitors, alcoholic beverages, telephone calls, newspapers, magazines, stamps and sundry items.

Insured patients are advised to seek pre-authorisation from their insurance company prior to admission. It is in the patients' interest to be aware of their insurance cover.

Payment for non-insured patients must be made prior to admission
